

OFFICE *of the* PROVOST

Administrative Changes in Academic Affairs

With the planning for the National Conference on Undergraduate Research (NCUR) underway, I am delighted to share with you that Patti Spaniola has joined the Office of the Provost in Crosby Hall to focus her efforts on this important event. In addition to working with Dr. Allison Schwartz on NCUR, Patti will also assume responsibility for identifying and planning other University signature events that will help UWF build brand recognition, showcase UWF's venues, and strengthen our community among the many other benefits successful events bring to an organization.

Ms. Dacia Larin has agreed to assume responsibility for the Division of Continuing Education. Ms. Larin is uniquely qualified to provide the leadership to oversee Continuing Education. Her experience and knowledge of divisional and university processes and business practices, and her ability to successfully coordinate with other departments and units to execute new initiatives provide her an impressive background for leading this important area.

Please join us in congratulating both Dacia and Patti on their new and exciting roles.

Sincerely,

Dr. George Ellenberg
Provost and Senior Vice President
